

## **TOYOTA -TAILIFT FORKLIFT SUPPLY-MORN BM**

Tailift has been providing reliable and competitive material handling products for over 30 years. The origin of the Tailift Group dates back to 1973 in the machining tools industry in Taiwan.

The Tailift Group began designing and manufacturing forklift in 1987 under the Tailift brand.

In 2014, the Tailift Group was ranked by TMHI as the 15th largest forklift supplier globally. In 2015, the Tailift Group material handling division entered joint venture with TOYOTA Industries Corporation and became a member of the Toyota Industries Group.

Tailift group has a unified R&D department between Taiwan and China and is one of the very few forklift manufacturers in China to design, patent and manufacture our own forklift transmission, offering performance, reliability and technical advantages over the competition. With an annual production capacity of 30,000 units, GLOBAL POWER CO.,LTD. (Tailift China division) has obtained CE and ISO 9001 certifications and has obtained good global reputation.

Forklift is widely used in glass industry and facade industry to handle glass and all kinds of facade materials. Now Morn is able to offer Tailift forklift to clients all around the world.

Application of Tailift forklift in Glass industry:

a. Glass loading and unloading: Equipped with our **glass loading&unloading tools**, it's easy for clients to handle large quantity containers of glass, which can decrease the loading&unloading time to 30 mins per container.

b. Glass handling in workshop. For heavy glass racks which weight over 1000kgs, the forklift can help deliver glass to workshop anywhere.

## **QINGDAO MORN BUILDING MATERIALS CO.,LTD**
